OUR APPROACH TO Leadership Development in the Emerging Generation

EXPERIENTIAL. Students want an experience, not just a lecture.

PARTICIPATORY. They want to weigh in and customize where the program goes.

IMAGE-RICH. They are driven by images and pictures more than words.

CONNECTED. They are relationally connected and want to learn in teams.

* Based on research by Dr. Leonard Sweet.

GROWING LEADERS | Empowering the next generation to solve problems and serve people.
THE ICEBERG

The Iceberg represents your leadership. The 10% above the water is your skill. The 90% below the water is your character. It’s what’s below the surface that sinks the ship.
TALK IT OUT

Why is focusing on the “inside” so difficult for us today?

Why do we put so much emphasis on the “outside” of our lives?
